About Us

For over 60 years, **DHRIVA MASALA** has been a cornerstone of the Indian spice industry. Our journey began in New Madhupura, Ahmedabad (Under the name **Shah Chhaganlal Ghahelabhai & Sons**), the heartland of Gujarat, where our grandparents laid the foundation for a legacy built on purity and quality. Through three generations, we have nurtured this passion, transforming a family business into a pioneering force in the spice market.

In our pursuit of perfection, we established state-of-the-art processing facilities in Changodar, Ahmedabad - the latter being an **ISO & FDA approved facility** in the region.

Our Vision

DHRIVA MASALA is more than just a spice brand; it's a promise of purity. Our slogan,

A Beginning of Pure Taste (શુદ્ધ સ્વાદની શરૂઆત)

encapsulates our core philosophy. Every pouch, every day, delivers the same consistent quality that has defined us for generations.

Our Process

We follow a strict quality control process to ensure that our spices are of the highest quality.

Our process includes:

Sourcing the finest ingredients & testing them (Sample Analysis)

Cleaning & sorting the ingredients

Grinding the ingredients

Packing the spices

We use state-of-the-art technology to ensure that our spices are processed efficiently and safely.

Our commitment to delivering the finest spices begins with our farmers. We source our ingredients directly from them, ensuring the freshest and most authentic flavours. Rigorous quality checks, coupled with automated processing in stainless steel equipment, guarantee hygiene and purity. Our in-house cold storage preserves the essence of the spices, while automated packing ensures precision and efficiency.
